LETTER OF EXTENSION

To: IRP Inc. and IRP Jurisdictions
Date: December 2, 2020
Subject: 2nd Letter of Extension Notice for OH IRP Vehicle Registrations due to COVID-19 Pandemic

Due to the ongoing pandemic, Governor DeWine has signed Ohio House Bill 404 which allows for the extension of existing Ohio IRP Apportioned Registration(s), with expiration dates on or after March 9, 2020 through April 1, 2021, to remain valid for operation in all International Registration Plan (IRP) jurisdictions until July 1, 2021.

Registrant - If your IRP Registration falls within this exemption timeline, carry this Letter of Extension and a copy of your expired Ohio IRP Registration with you. If needed, present this letter and expired registration to any authority asking for proof of registration. Enforcement personnel should refrain from taking enforcement action

Law Enforcement – Please review this Letter of Extension and expired Ohio IRP Registration for compliance. If the registration expired on or after March 9, 2020 through April 1, 2021, **no enforcement action for an expired registration only** should be taken until after July 1, 2021.

Before taking any enforcement action (such as citation, tickets, or permits), please contact the Ohio BMV-IRP Unit for validation of a vehicle. The Ohio BMV-IRP Unit may be reached Monday thru Friday, 8:30pm to 3:30pm EDT via phone at 800.IRP.0007 or 614.777.8400, or via email at OHIRP@dps.ohio.gov.
